

2 year guarantee on all Digital SLRs¹ & Compact System Cameras²

If you buy any Digital SLR¹ or Compact System Camera² from Currys or PC World the standard manufacturer's guarantee will be extended to 2 years

All terms and conditions remain as per the 1 year guarantee documentation provided by the supplier. Please note, the documentation you receive in the box will not have been updated to reflect the extension to 2 years.

If you need to make a claim within 2 years, please return to any Currys or PC World store with your original receipt, as this will be required to qualify for your extended guarantee.

During your purchase you will be asked for your home address and email which will allow us to follow up with confirmation of your 2 year guarantee.
